

A decorative header featuring a light blue background with numerous white bubbles of varying sizes scattered across the top. On the left side, there is a blue starburst graphic containing the text "FIRST TIME?" in white, bold, uppercase letters.

FIRST
TIME?

Welcome to Bubbles & Biscuits!

We pride ourselves in being the neighborhood place for your best friend! We offer full service grooming, a self-serve doggy wash, holistic pet food and supplies. Our staff is experienced and knowledgeable and ready to serve you.

Here's what you can expect when you visit Bubbles & Biscuits:

Hours: We're open from 8 a.m.–6 p.m. Monday–Friday, and 9 a.m.–4 p.m. on Saturdays.

Appointments: Grooming appointments are available Monday through Friday beginning at 8 a.m. The last appointment of the day is at 1 p.m. We will call (or text) you when your dog is ready and you can pick them up at your convenience before we close at 6 p.m.

Price: Prices for grooming are based on three factors: the size of the dog, the texture and length of the dog's coat and the dog's behavior. We can give estimates over the phone, but they are subject to change based on these factors.

Vaccines: Dogs and cats that spend any length of time at our shop need to be fully vaccinated with rabies vaccine, the distemper series (DHLPP, or DAPP or sometimes referred to as the "5 in 1" vaccine) and bordetella (kennel cough). We will ask you to provide proof of these vaccinations at your first appointment. You may have your vet fax the records to us. If you do not vaccinate your dog, you can provide us documentation from your vet for Titer tests that show adequate immune response.

Puppies: We prefer that puppies be fully vaccinated (around 16 weeks of age) before they stay with us for a grooming appointment. We also want them to have aged past the fear stage, and have a healthy immune system before we introduce them to the grooming process. Fuzzy puppies that need a quick touch up so they can see may come in for a quick 10 minute appointment. We will trim nails, trim the hair on the pads of the feet, trim the sanitary areas and neaten the face while you wait.

If you have additional questions please contact us and we'll do our best to answer quickly.
